Introduction

The sole responsibility of the COE office is to conduct and evaluate the performance of the students. It prepares the annual exam schedule that includes all the activities related with examinations. It follows the timeliness as per schedule and execute the work in team with utmost precision and fairness without allowing malpractice of any type. It processes and publishes the results and issues the certificates in time.

Proper measures have been taken to update the curriculum which meets the current trends and needs. Ever ready to conduct the examination either in offline or online mode and to implement E -Governance and Transparency in any stage .of the Evaluation process. Student Portal is user friendly that enables the students to get their profile, hall ticket, time table, CIA and all exam circulars

New Initiatives

- **Conduction of Online Examinations**

The **Heads** of various departments and Staff members were in-charge of the conduction of entire examination process. The **Monitoring Committee** did the following responsibilities, namely, admitting students and invigilators on time to meet links, verifying the student's attendance, question papers sent to students on time, daily submission of answer scripts online through upload links to the COE office. Two Google form links are created in the exam ids for each question paper one for attending section A and the other for uploading the answer script of Section B & C. After completing the written examination, the students have to submit the answer scripts in pdf formats to the invigilators. The uploading link will be sent to the invigilators for uploading the answer scripts of their wards. The answer scripts will be collected in the same drive of the exam Gsuite id from which it has been created. The attendance and other components of CIA marks were uploaded through student portal.

- **Online Valuation** has been undertaken and the answer papers are sent to the question paper setters with Google drive permissions for correction without taking printouts. Coding sheets are provided for entering the question-wise marks and are collected and uploaded in the Exam software.
- **Feedback** Module included in the Student Portal
