The NSS Units (UNIT I & UNIT II) of A.D.M College for Women (Autonomous), Nagapattinam conducted a cleanliness drive on 13 July 2022 along with the Municipality employees, Nagapattinam. The NSS Volunteers were engaged in this cleaning Programme under the guidance of NSS Programme officer at Cooks Road, Velippalayam, Nagapattinam. The NSS Programme officer divided the NSS Volunteers into several groups. Each group members were allocated with a particular area for cleaning. The process started by forming a group of young people under Municipal Commissioner, Nagapattinam Municipality and drive for cleanliness is initiated by visiting door to door & request people to decompose their waste properly. The Volunteers explained that “Cleaning plays a vital role in our daily lives. Be it personal hygiene, such as washing our hands before we eat or covering our mouths when we cough, or setting a standard for environmental cleanliness, effective cleaning is our first line of defense against viruses and infectious diseases. Also, cleanliness minimizes the entry of rats, cockroaches, and other parasitic worms or insects. Cleanliness gives rise to a good character by keeping body, mind, and soul clean and peaceful”. People around Koodai Modaivor Colony, Nagapattinam have started to take part and are helping in spreading the message of Cleanliness is next to Godliness. The NSS volunteers issued the pamphlet on cleanliness in public places and everybody took pledge on “Enathu Kuppai Enathu Poruppu”.

This awareness rally was co-ordinated by the NSS Programme officer of Unit II, A.D.M College for Women (Autonomous), Nagapattinam. Mr.K.Mani, Head and Home Guard, Regional Co-ordinator inaugurated this rally. The rally started at College Campus around 11 am and ended at Nagapattinam New Bus Stand around 1 pm. In this rally, the students raised the slogans to create awareness among the public not to touch drugs in their life and also to take the pledge against drug usage. The NSS volunteers eagerly participated in the rally. The NSS programme officers explained the volunteers and public about the harmful effects and the risks associated with using alcohol and other drugs. They stressed the importance of awareness campaigns about drug abuse among students and insisted the students convey this information to their parents, relatives and near by places. Effective drug education is important because young people are faced with many influences to use both licit and illicit drugs. Education can play a counter balancing role in shaping a normative culture of safety, moderation, and informed decision making. The students shouted that “Avoid Drugs and Save Human Life” during the rally.

It was a celebration time of Lord Ganesha and 1008 Kuthuvilakku Pooja festival was planned to conduct in the evening on that day at the temple. Therefore the volunteers are asked to prepare 1100 pooja gifts such as packing of Kumkum, coconut, agarbatis, turmeric thread, betel leaf etc. which is planned to issue to the devotees during the vilakku pooja event. Also, the volunteers washed the villaku and vessels at the temples. Some volunteers put 1008 rangolis in the temple premises as per the request by the team. After completing the works, the pooja team served delicious lunch to all the volunteers and the food was enjoyed by the volunteers. After the lunch, the volunteers packed thousand boxes of Kesari to provide it to the devotees. The volunteers and Programme officers felt very blessed in doing this activity.

Food Festival :

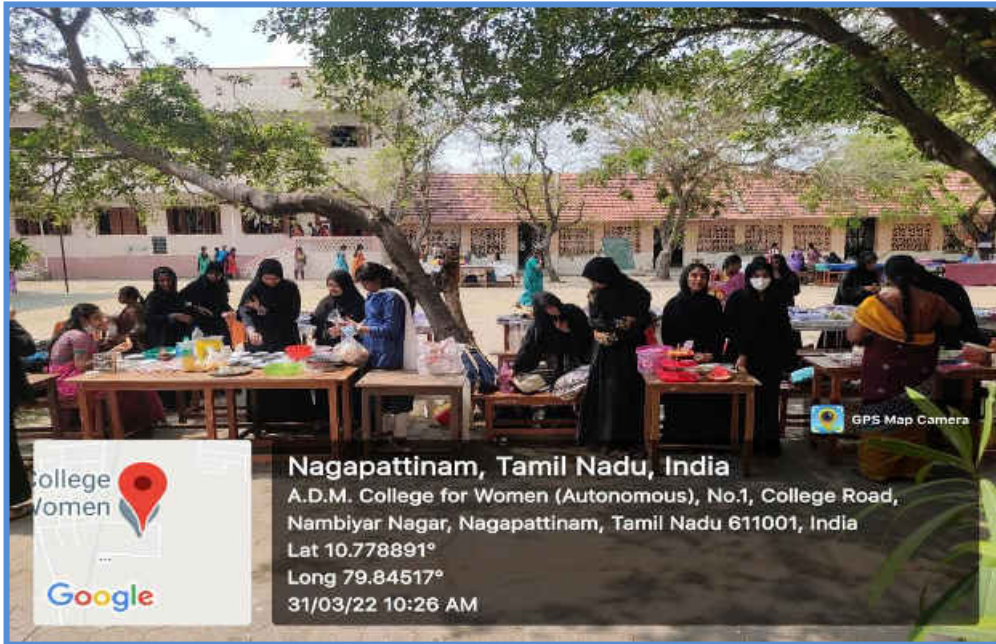

Entrepreneurship Development cell of A.D.M College for Women organized Food fest for two days from 01.04.22 to 02.04.2022 with a motive to explore Entrepreneurial skills among the students. It provides a huge exposure and deep insight of doing big scale events and is also a learning experience. This in turn helps in gaining and marketing skills which can help them when they graduate and organize events themselves. The event was organized in the college premises and inaugural function was at 11.00 am with a ribbon cutting by our Advisor Dr.Sivakamasundari, along with Principal and Controller of Examinations.

There were 10 stalls creatively exhibited with different variety of mouth watering delicacies like PaniPuri, Grill Sandwich, Veg, Rolls, Cup cakes, and Milk shake.

Students were asked to create innovative ideas to market and sell their products. The stalls performed exceedingly well. The festival offered an opportunity to the students to learn team work, leadership, planning with overall management skills. The students under the guidance of Entrepreneurship Development Cell coordinators successfully planned and organized the food festival.

Exhibition Cum Sale:

Entrepreneurship Development Cell organized an Exhibition cum sale on 02.04.22 students had displayed stalls of greeting cards, artificial jewellery, decorative items, homemade soap and food items etc. There was tremendous response from both students and faculty. The stalls performed exceedingly well and the participants made good sale of the products. The efforts of the students and volunteers made the Food fest a grand success.

Plants and trees are our natural capital. They are fundamental to life on earth, offering food, medicine and shelter. They also sequester carbon, fight pollution and bind the soil.

By planting trees, you'd help reverse the loss of green cover and attract birds and buzzing pollinators. Trees also vastly improve air quality.

As a part of Extension Activity, PG Department of Computer Science conducted a One Day programme on “Women Empowerment” to NatarajanDhamayanthi Higher Sceondary School, Nagapattinam on 02-03-2022.

Women’s Empowerment can be defined to promoting women’s sense of self-worth,their ability to determine their own choices and their right to influence social change for themselves and others.

Welcome Address was givne by Mrs.K.Kavitha, Assistant Professor of Computer Science, A.D.M College for women(A),Nagapattinam. Inaugural Address was given by Dr.Sheela Grace, Head Mistress, NatarajanDhamayanthi Higher Secondary School,Nagapattinam.

Keynote Address was given by Dr.K.Arul Marie Joycee, Head of the Department of Computer Science,A.D.M College for women(A),Nagapattinam. To encourage the school students competition were also conducted in NatarajanDhamayanthi Higher Secondary School, Nagapattinam.

As a part of cultural event, dance program was also conducted in NatarajanDhamayanthi Higher Secondary School, Nagapattinam.

Connection Competition:

In the Connection Competition, pictures of the movie, songs and women empowerment were displayed in the projector. Students of the NatarajanDhamayanthi Higher Secondary School, Nagapattinam were the participants in the competition.

Based on three rounds the winners are selected in the competition.The team name were given in the versions of Android are (i) Honey Comb (ii) Ice cream sandwich (iii) Jelly Bean (iv) Kitkat (v) Lollipop.

The winners of the competition are from the team of

JellyBean - Ist Prize

Kitkat -IIInd Prize

Honey Comb -IIIrd Prize

The prize was distributed by the Dr. (Mrs).K.Arul Marie Joycee, Head of the Department of Computer Science,A.D.M College for women(A),Nagapattinam. She also spoke about the Importance of Women and their role in the society.

The Vote of thanks were given by Dr. (Mrs).S.Thaiyalnayaki, Assistant professor of Computer Science,A.D.M College for women(A),Nagapattinam.

PG DEPARTMENT OF COMPUTER SCIENCE

ABOUT US

ADM College for Women, an Autonomous institution, is functioning exclusively for Women since 1975 and fulfills its mission to provide holistic education to the young girls from the rural areas of Nagapattinam District.

The College is Government Aided and is affiliated to Bharathidasan University, Accredited with "A Grade" by NAAC 3rd Cycle. Here we provide the necessary environment for achieving the goals for the students to achieve their dreams.

The Department of Computer Science was established in the year 1994 with B.Sc. Computer Science & MCA and widened its academic area with the commencement of B.Sc. Information Technology in 2001, M.Sc. Computer Science in 2005 and BCA course in 2015. It offers excellent computer education by providing scientific academic environment, stimulate and exchange the creation of knowledge using proven state-of-art technologies to cultivate a technical women leader in the competitive job market.

UKTHA IT GATEWAY

ABOUT US

Uktha IT Gateway inspires, prepares and empowers students to succeed in a changing world. Uktha IT Gateway delivers in the destination manner of Technology level. This webinar gives a rich confident level to the students, we are giving a workshop training in the technologies like Java, J2EE, Android, Python, Scala, Data Science, Web Design, Networking.

ABSTRACT

The scope of the webinar is to provide niche area of Advance Python. We have to discuss about this session on python and its essential API MATPLOTLIB. It is one of the Data Visualization Tool. It is plotting library which is used to create a designed output in the format of graphics. Before that, we have a strong knowledge in Numpy.

Hands on training programme on PCR techniques and its application in aquaculture genetics research and aquaculture pathology organized by Rajiv Gandhi center for aquaculture Sirkali, Tamilnadu, India is given to 10 students and one staff members of department of biochemistry from 8.3.2022 to 11.3.2022. They demonstrated sample collection from muscle crab and DNA extraction from muscle crab tissues agarose gel preparation. Then the students practiced about sample collection and analysis. ITS-1 PCR techniques and thermal cycler methods are explained Davission kit by the trainers. The students learnt about total genomic DNA extraction from muscle & pleopods tissues, sample using DNA easy blood tissues kit and sample loading and running process to agarose gel, and visualize band conformation through UV light.

From 10.3.2022 to 11.3.2022 hands on training programme on PCR techniques and its application in aquaculture pathology is conducted. The trainers explained about various types of diseases like etc., to identify diseases davission fixative kit method is used. Then DNA extraction by GT-buffer by using silica gel method is shown in PPT. this method to identify both DNA and RNA level. So many apparatus and mini-instruments handled. They also explained about calculation of WWSV detection protocol & to lean about isolation of bacteria and vibrio colonies colour identification.

Finally visited the instruments lab certain sophisticated instruments, mini-instruments. Where the students individually done the analysis. This hands-on training is much useful and everyone can do the sampling identification and DNA extraction individually.

TESTING OF BASIC COMPONENTS AND INSTRUMENTS

Department of Physics organized a one day Workshop "Testing of Basic Components and Instruments" on 21.04.22. The Principal i/c, Dr. R. Anbuselvi, presided the session. The Head of the Department of Physics, Dr. R. Priscilla welcomed the gathering. The Program co-ordinator, Dr. N. Lavanya, Assistant Professor of Physics emphasized on the importance of instrumental knowledge in practical physics. The Resource Person, Mr. P. Prithvirajan, Former Assistant Professor of Physics, Kanchi Sri Krishna College of Arts and Science, Kancheepuram, took over the session by teaching students about the basic Instrumentation techniques of basic electrical components such as resistor, capacitor, voltmeter, ammeter, galvanometer and how to use a multimeter in order to find the AC and DC voltages. He also taught the students about how to identify an instrument whether it is working or not enabling the students have hands-on experience for better understanding. The different colour codes of resistor was clearly illustrated to the students. The students interacted with the Resource Person, clarifying their queries and how to troubleshoot components while performing the practical. The session ended gracefully with the vote of thanks.

DEPARTMENT OF B.VOC., MARINE

The training programme was organized by the department of fish process Engineering, TamilNaduDr.J.Jayalalitha Fisheries University, Nagapattinam from 20.07.2021 to 22.07.2021. The students of I -B.Voc. II -B.Voc. staff members **Mrs.B.REVATHI** and **Miss .V.SANTHIYA** participated in the training programme. The training programme started at 10.00 am from the Metro fish processing laboratory. Mr.B.Prabakaran, the District Development officer NABARD in invited as the chief guest of the inaugural function. He delivered a lecture on banking schemes and entrepreneurship. After the session Dr.N.Manimegalai Explained About the preparation of fish products, hygienic handling of fishes and microbial infection of seafoods. Then the students prepared the products like prawn pickle , fish vada etc.,

In the morning session of second day morning session Dr.N. Manimehalai explained about the packaging of fish and fishery products, retort pouch packing .Then ,Mahathevan ,District Food Safety Officer gave on Food Safety Standards authority of India (FSSAI) and explained how to detect adulteration with rapid test (DART), food complaints etc.,the students were prepared fish cup cake and dry fish masala and salted dry fish.

Hands On Training Programme On Aquaculture Pathology And Genetics At Rajiv Gandhi Centre For Aquaculture, Sirkali

27 Students (19 students from the PG & Research Department of Zoology & 08 Students from the B.VOC Marine Food Processing and Preservation Technology) and Two Staff members (Dr.S.ANGELINAGLORITA PARIMALA, Associate Professor of Zoology & Mrs. B.REVATHI,HOD &Assistant Professor of B.VOC Marine) were attended 4 days(23.02.2022 to 26.02.2022) Hands on Training programme on“Aquaculture Pathology& Genetics” at RGCA,Sirkali.First Two days, Students & Staff attended the training programme onPCR Techniques and Its applications in Aquaculture Pathology.

Day -1 (23.02.2022)

Training overview and importance of Aquaculture Pathology was givenby The Project Director Dr.Anup Mandal, followed by Mr.B.BABU gave alecture on Major Shrimp Diseases in India. Then, Fixation andProcessing Methods for Laboratory Analysis of Shrimp and Fish wereexplained by Mr.P.KRISHNAKANTH. Afterwards, Demonstration wascarried out related to sample collection, Fixation /Preservation methodsof collected Aquatic animal samples for Laboratory analysis and DNAExtraction for Detection of Pathogens in Shrimp Sample. All thestudents individually did the experiments and actively participated inthe training programme.

Day -2 (24.02.2022)

Dr.Mithanraj, Scientific Officer gave a lecture on the importance of PCRfor disease diagnosis, followed by Mr.G.Sathiyaraj gave a lecture onthe basic microbiology procedures for Aquaculture. A hand on trainingwas given to the students on PCR, Agarose Gel Preparation andElectrophoresis. Students were participated individually and theirresults were discussed in the group discussion.Next two days (25.2.2022 & 26.2.2022) students were trained on the PCR and its application in Aquaculture Genetics Research.

Day- 3 (25.2.2022)

Dr.Anup Mandal gave a lecture on the application of molecular markers in Aquaculture. Next the practical session was started with the sample collection from Aquaculture species and its storage. Students did the total DNA extraction from crab tissue samples using Kit method and Gel electrophoresis for quality checking of DNA.

Day -4 (26.2.2022)

Dr.E.Anandajothi, Scientific officer, gave a lecture on the applications of polymerase chain reaction in molecular fisheries. Students individually did practical on PCR master mix preparation for ITS-1 marker and loading PCR products in Agarose gel electrophoresis. Results were discussed and appreciated by the trainers. Students visited to the Genetics laboratory and library. Valedictory function happily ended by the distribution of Certificates and feedbacks were shared by the students and Staff.

MARINE FISHERY PRODUCTS STALL IN OUR COLLEGE BAZAR

Department of B.Voc., Marine Food Processing and Preservation Technology organized a Value Added fish and Fishery Products Stall along with Government Self Help Group Women. Dr.Sivagamasundari, Advisor of our college inaugurated this stall. Dr.Sivagamasundari, Advisor, Dr. R. Anbuselvi Principal, Dr.R.SophiaPorchelvi Controller of Examination and B.Voc., Nodal Officer are the Chief guest of this Programme.

In this Programme, the Students were prepared various fish and Fishery Products like Shrimp vada, Fish Cutlet, Shrimp Pakoda, Fish fry, Kunafa Prawn, Fish Ball, Fish Roll, Fish Kure, Fish Biscuit, Dry fish, Shrimp Briyani, etc., The staff members and Students were enthusiastically take part in this stall and buying our prepared product. This Stall influences our Students to engage in entrepreneurship to become a successful entrepreneur.

DEPARTMENT OF B.VOC., MARINE

One day educational visit was organized by the department of B.Voc., Marine Food Processing and Preservation Technology on 23.03.2022. During the visit Dr. Anbarasu, Head of the department of Marine Biotechnology gave a brief lecture on the topic of “ Marine Cyanobacteria sample collections & NFSC – National Facility for Marine Cyanobacteria” and he also briefly explained about photosynthetic diazotrops.

Then he explained provide marine cyanobacterial culture, Instrumental and other facility to needly researches.

Next, Dr.S.Rajkumar Professor of Marine Biotechnology, gave lecture on “National Respositoryfor Microalgae and cyanobacteria Freshwater (NRMC – F), Blue green algae grow, uses of Blue green algae and byproducts of Cyanobacteria, how to reduce the intensity of blue green algae.

Then, Director of NFMC gave brief lecture on Problems caused by blue green algae, how to reduce the internsity of blue green algae. Thus, finally in this educational visit very innovative and broad knowledge about national facility of marine cyanobacteria and blue green algae by products.

DEPARTMENT OF B.VOC., MARINE

The Department of B.Voc., marine Food Processing and Preservation Technology organized a field visit to NIFTEM, Tanjoore. The Institute has the capacity to food processing Laboratories are attractively designed and most updated equipments are in place,

The students had the chance of learning the functioning of

- Food Processing Incubation Centre
- Food Safety and Quality Testing Laboratories
- Food Product Development Laboratories
- Food Microbiology Laboratories
- Food Enginnering Laboratories Etc.,

Points Studied in Detailed of

- Rotary Oven
- Microwave Bakery Oven
- Dough Sheeter
- Bread Moulder
- Cookies Wire cutter and wrapper
- Non diary Ice Cream dispenser
- Dough Mixer
- Cooling Tunnel
- Choclate Enrober
- Choclate manual tempering and moulding
- Choclate melting and storage tank
- Water chiller
- Chocoball mill
- Choco wet conching
- Bar making line
- Coding tunnel
- Sugar syrup tank
- Virgine coconut oi processing unit
- Fruit beverages processing unit
- Vaccum lab coding

The food laboratory technician of NIFTEM Ms. Krishnapriya gave brief lecture on Food Processing Incubation Centre, Extension Activities in ares of Food Processing. Thus, finally the exposure visit was very informative and broad knowledge about indigenous products and national Institute of food technology, Entrepreneurship and Management, Tanjore.

DEPARTMENT OF B.VOC., MARINE

Thee training programme was organized by the Department of Fish Process Engineering, TamilnaduDr.J. Jayalalitha Fisheries University, Nagapattinam from 27.06.2022 to 29.06.2022. The Students of I – B.Voc., II – B.Voc., and Staff Members Mrs.B. Revathi and Ms. V.Santhiya participated in the training programm. The training programme started at10.00 am from Metro Fish Processing Laboratory.

Mr. B. Prabakaran, District Development Officer NABARD in invited as the Chief Guest of the nogural the function. He delivered a lecture on banking schemes and entrepreneurship. After, the session Dr. N. Manimegalai Explained about the preparation of fish Products, Hygenic Handling of fishes and microbial infection of Seafoods. Then the students prepared the products like Prawn Pickle, Fish Brownie, Pprawn Idly Podi, Fish Biscuits, Fish Candy, Fish Cake, Prawwn Noodles etc.,

In the Morning Session of second day morning session Dr.N.Manimegalai explained about the processing of fish and fishery products, retort Pouch packing etc., then , Mr.N.Mahathevan District food safety officer gave a food safety standards authority of India (FSSAI) and explained how to detect adulteration withRapid test (DART), Food Complaints etc., the students were prepared fish cup cake and fry fish masala and salt curing or salted dry fish.

The afternoon session Dr.N.Manimehalai has explained preparation of fish products and two types of food preparation i) Ready to eat and ii) Ready to cook. Hygenic handling of fishes, food safety and microbial infection (pathogenic) microorganisms due to Clostridium perfringens and salmonella paratyphi and salmonella typhimurium. Then students were making ingredients for fish pickle, afternoon session making fish pickle, fish cutlet, fish podimas, fish noodles using by vaccum pressure apparatus.

Now, the last session students to gain knowledge about business loan, loan project schemes, NGO Schemes etc., Hence, finally the training was very useful and deep knowledge about to became a self entrepreneur and social women empowerment.

Sophia Porchelvi COE & Nodal Officer of B.Voc Programme Next Ms.V.Santhiya Assistant Professor of B.Voc., Marine, Introduced our Chiefguest.

The Resource Person Mr.V.Vijayaragavan motivates the students by his wise words. He clearly explained about this course and its job opportunities. He cleared all the doubts which was raised by our students. This gives a clear view about the course to our students.

DEPARTMENT OF B.VOC., MARINE

The department of B.Voc., Marine arranged for a exposed visit to **Dr.MGR Fisheries college and Research Institute, Thalainayeru**. The students are exposed to various department like Fish Processing Technology, Fisheries Biology and Resource Management, Aquaculture, Fish Pathology and Health Management, Fish Quality Assurance and Fisheries Biotechnology.

Mr. V.Vijayaragavan, Assistant Professor of Department of Fish Processing Technology explain about different types machineries used in this field like Extruder, Can Seamer, Over Pressure retort, Sealing machine, Flake Ice Machine, Tray Dryer etc.,

We are exposed to various fishery products like fish Pasta, Fish Noodles, Fish Cake, Fish Biscuits, and Dry fish. Additionally, he gave explanation for different equipments used in other departments like Colony Counter, Gel Electrophoresis, PCR, UV Spectrophotometer, Incubator, Laminar Air Flow Chamber and Proximate Analyzers like Hot Air Oven, Muffle Furnace, and Kjeldal Apparatus etc.,

DEPARTMENT OF B.VOC., MARINE

The Department of B.Voc., Marine Food Processing and Preservation Technology arranged for a Exposed visit to Metro Fish Incubation Centre and Ice Plant Keechankuppam, Nagapattinam. The Students were exposed to various machinaries like Retort Processing, Pre processing and post processing, Packing, Labelling, of fishery products, Types of freezer, freeze dryer, Valueadded fishery products like Fish Biscuits, Fish Pickle, Fish Kure etc.,

Mr.Muthukumar Explained the machinaries like Retort Processing, Pre processing and post processing, Packing, Labelling, of fishery products, Types of freezer, freeze dryer, and cold storage room, Solar Dryer etc., Finally, our students are benefited to this visit.

Next, we went to ACS Ice Plant. The department of B.Voc., Marine Food Processing and Preservation Technology organized a field trip to ACS Ice plant, Thonithurai, Nagapattinam. The plant has the capacity to store fish for 4 months. Students had the chance to see the functioning of Ammonia Compressor, Condensers / heat Exchangers, Ammonia receiver, Cooling coil / Evaporator, Chilling tank ,Paneling (Electrical Equipments).

The 30 students were benefited by the technical details provided by the proprietor and workers ACS Ice plant.

Points studied in detail;

- Vapour compression cycle used in ice plant to produce ice
- Refrigerant used and its different properties for production of ice
- Working of complete vapour compression cycle used for production of ice
- Use of brine solution as secondary refrigerant in evaporator
